### **PREAMBLE**

### In Order to:

- a. effectuate the provisions of Article 14 of the Civil Service Law (the Public Employees' Fair Employment Act),
- b. encourage and increase effective and harmonious working relationships between the Rondout Valley Central School District Board of Education ("Board") and its professional employees represented by the Rondout Valley Federation of Teachers ("Federation"), and
- c. enable the professional employees more fully to participate in and contribute to the development of policies for the Rondout Valley Central School District (the "District"), the following Agreement is made and entered into between the Board and the Federation.

### **ARTICLE 1 - RECOGNITION**

1.1 The Board, having determined that the Federation is supported by a majority of the employees in a unit composed of all certified teachers, senior crisis intervention counselors, school to career transition specialist, registered professional nurses, behavioral analysts, occupational therapists, physical therapists, school psychologists, school counselors, athletic trainers, certified occupational therapy assistants, and school social worker with the exception of all administrative and supervisory staff, hereby recognizes the Federation as the exclusive negotiating agent for the employees in such unit ("employees"). Such recognition shall extend for the maximum period allowed by law.

### ARTICLE 2 - NEGOTIATIONS PROCEDURE

- **2.1** No later than January 1 of each expiration year, the parties will enter into good faith negotiations over a successor agreement.
- 2.2 Neither party shall have any control over the selection of the representative of the other party, and each party may select its representatives from within or outside the District. The parties mutually pledge that their representatives will be invested with all necessary power and authority to make proposals, consider proposals, reach compromises in the course of negotiations, and initial tentative agreements.

### **ARTICLE 3 - GRIEVANCE PROCEDURE**

### 3.1 General Provisions

A. A grievance is a claim by an employee or group of employees based upon any event or condition affecting their welfare or terms and conditions of employment as covered under the terms of this Agreement. It shall include grievances brought by the Federation on behalf of any employee or group of employees or by the Board against the Federation. An aggrieved party is any employee or group of employees who file a grievance under this procedure.

- B. All grievances shall include the name and position of the aggrieved party, the time and place of the grievance, the identity of the person claimed to be responsible for the grievance, the contract provision allegedly violated and a general statement of the nature of the grievance and the redress sought.
- C. A grievance shall be deemed waived unless it is submitted within 30 working days after the aggrieved party knew or should have known of the events or conditions on which it is based and, in no event, no later than five days after the end of the school year. Grievances occurring during the summer may be filed within five working days after the opening of school. Continuing alleged violations of this Agreement may be grieved at any time, provided, however, that any redress sought may not be retroactive prior to the date the grievance was filed.
- D. The District and the Federation will facilitate any investigation which may be required and make available any and all material and relevant documents, communications, and records concerning the grievance.
- E. The grievant shall have the right of representation at all stages of the grievance procedure and to confront and cross-examine all witnesses called against him or her, and to testify and call witnesses on his or her own behalf.
- F. No interference, coercion, restraint, discrimination, or reprisal of any kind at any time will be taken by the District or by any member of the Administration against the Federation or any other participant in the grievance procedure.
- G. Failure by the District to hold a hearing or submit decisions within the time limits set forth herein, shall be construed as a denial of the grievance and the grievance may be appealed to the next stage. The failure on the part of the Federation to advance a pending grievance to the next stage within the time periods set forth herein shall constitute an abandonment of the grievance. However, the parties may agree in writing to set aside the timelines at any stage of the grievance procedure.
  - H. A grievance shall be filed at the lowest level at which relief properly may be granted.

### 3.2 Grievance Procedure

- A. Stage I. The grievance shall be presented in writing to the appropriate building principal who shall hold a hearing within five working days of the submission of the grievance and render a written decision within five working days thereafter.
- B. Stage II. Within five working days of the disposition of the grievance at Stage I, the grievant may appeal in writing to the Superintendent. The Superintendent shall hold a hearing within five working days of the submission of the appeal and render a written decision within five working days thereafter.
- C. Stage III. Within ten working days of the disposition of the grievance at Stage II, the Federation may request the Board to schedule a further hearing with respect to the grievance or may file with the Superintendent and the American Arbitration Association ("AAA") a Demand for Arbitration. If the Board agrees to hold a further hearing, the hearing, before the Board or a committee thereof, shall be held within fifteen working days of the submission of the request thereof. The written decision of the Board shall be rendered within five working days of the hearing. In the event the decision of the Board does not resolve the grievance or if the Board declines to schedule the hearing, the Federation may demand arbitration of the grievance by filing a Demand for Arbitration with the Superintendent and the AAA within ten working days of the date of the Board's decision or the date when the Board declined to schedule a further hearing.

### 3.3 Arbitration

- A. Following the submission of the Demand for Arbitration to the Superintendent, the parties shall select an arbitrator pursuant to the rules for voluntary arbitration of the American Arbitration Association.
- B. All demands for arbitration and all arbitrations shall be processed pursuant to the Voluntary Labor Arbitration Rules of the American Arbitration Association.
- C. The arbitrator shall be without power or authority to make any decision which requires the commission of any act prohibited by law or which is violative of the terms of this Agreement. The arbitrator shall have no power to alter, add to, or detract from the provisions of this Agreement.
- D. The cost of the services of the arbitrator shall be divided equally between the Board and the Federation.

### **ARTICLE 4 - WORKING HOURS**

4.1 The teachers' work day shall not exceed seven hours and ten minutes, including a 30 minute duty free lunch. No teacher shall be required to report to work more than 10 minutes before the arrival of students or to remain for longer than ten minutes after bus departure. In addition, teachers shall assume professional responsibilities that may fall outside of the regular school day e.g., parent conferences, staff and department meetings, providing students with individual assistance, and joining in parent-teacher organization activities where teacher participation is essential. There shall be two full staff or departmental meetings, or a combination thereof, each month of the school year. The District may schedule a third monthly meeting during 8 of the 10 months of the regular school year. The Federation may suggest topics to be addressed at this third monthly meeting. Additional meetings may be held in the event of an emergency situation that cannot be resolved during a regularly scheduled full staff or department meeting or which requires resolution prior to the next regularly scheduled meeting. Teachers who are assigned to two or more school buildings shall not be required to attend more than three regularly scheduled staff or departmental meetings each month, or a combination thereof, with the sites designated by the District. Half days may only be scheduled at the sole discretion of the Superintendent. Other provisions in this agreement to the contrary notwithstanding, the District shall have the right to schedule teachers according to a "flexible schedule" to be developed after consultation with the Federation. The teachers' work day under such a flexible schedule shall not exceed seven hours and ten minutes, including a thirty minute duty free lunch.

### **4.1A** Substitute Coverage

When a member provides substitute coverage for another member's class, they shall be compensated thirty-three dollars and seventy-five cents (\$33.75) for a single class period, which represents 27% of the applicable sub-rate. To be eligible for such compensation the member must provide a full period of classroom instruction and should be available for such coverage because it aligns with their prep period, lunch period, PLC period, or other period when they do not have assigned supervisory duties. However, if a member has assigned supervisory duties during the time needed for substitute coverage (ie. study hall, lunch duty, bus duty, etc.), they must first receive prior approval from a building administrator before providing the substitute coverage. If there are no volunteers for substitute coverage, a building administrator shall assign a member to substitute coverage for no more than one class period per day, and if a member covers another member's duties for an entire day, the member shall receive a per diem payment of seventy dollars (\$70.00) in addition to their regular daily rate, and if a member covers another member's duties for a half-day, the member shall receive a per diem payment of thirty-five (\$35.00) dollars in addition to their regular daily rate.

- **4.2** Teachers in grades K through 12 will receive at least 39 consecutive minutes of preparation time per day. All special area teachers shall teach no more than six (6) classes per day in no less than thirty (30) minute blocks. Where possible, travel and preparation time shall be consecutively scheduled for teachers assigned to more than one school.
- **4.3** Elementary teachers shall not be required to remain in the classroom while a special teacher is instructing.
- **4.4** The last day of school shall be a non-student day for teachers in the elementary and in Grades 5, 6 and 7, 8.
- **4.5** A. The work year of employees shall not exceed 183.5 days. The additional days beyond 181 are not student attendance days. The work year for employees may begin on September 1 provided that it is a weekday. The Friday before Labor Day shall be a holiday. If September 1 is a workday for unit members, at least half of that day shall be designated for all unit members to prepare their workspace for the year.
- B. Any day or portion thereof when schools are delayed in opening or close early due to emergencies or inclement weather that an employee is required to report for work for at least one hour shall be considered as a full working day.
- C. Unused snow days shall be added to the District calendar by the Superintendent of Schools after receiving a recommendation from the Calendar Committee. Unused snow days will be returned to the District calendar in increments of not less than a full work day.
- **4.6** A school calendar committee, consisting of three members appointed by the President of the Federation, shall meet with the Superintendent to present its recommendations concerning the school calendar. The Superintendent shall meet with the committee and shall report its recommendations to the Board which shall consider them before its final action adopting a school calendar.
  - **4.7** The District may establish a (9) nine period day for Grades 4-8 in accordance with the following:
  - 1. 5 daily teaching periods of 40 minutes each for teachers in 7th and 8th grades.
  - 2. 6 daily teaching periods of 40 minutes for teachers in 4th, 5th and 6th grades.
  - 3. 1 preparation period of 39 minutes daily for teachers in grades 4 through 8.
  - 4. 1 lunch period of 39 minutes daily for teachers in grades 4 through 8.
  - 5. The ninth period within the day will be assigned as follows:
    - a. When the school is on an A/B day schedule there will be alternate periods for preparation and supervision.
    - b. When the school is on a traditional 5 day schedule, there will be 3 days with an additional preparation period and 2 days with an additional supervisory duty.

**4.8** Each teacher will be required to attend up to two (2) evening meetings per year. In addition, the Wednesday before Thanksgiving will be a half day for all unit members. Effective July 1, 2014, unit members shall not be required to work this half-day and the work year shall be reduced by one-half day in accordance with Article 4.5.A. Unit members shall work a third evening conference of no more than three (3) hours in duration. The date of the evening conference for each school will be scheduled and determined annually in accordance with Article 4.6 of this Agreement. Each meeting will not exceed three (3) hours.

### **ARTICLE 5 - CLASS SIZE**

- **5.1** The Federation acknowledges the responsibility and the obligation of the Board to establish class sizes and staffing.
  - I. The Rondout Valley School District understands the need to maintain a class size which meets the goals of the educational programs of the District. It is mutually agreed that it is reasonable for a teacher not to have more than the following number of students in a class:

K-1: 23 2-6: 26

- 7-12: Maximum load of 125 with a mutual agreement that it is reasonable for a teacher to have no more than 30 students in a class.
- II. Presently there exist within the District programs which require small class sizes, and which the Board has accepted as desirable. These classes contribute to the educational program and should be continued without affecting other existing programs.
- III. The professional staff and the Board of Education concur that certain discrepancies in class size may arise from time to time due to lack of space, scheduling, or an unexpected and unforeseen growth in population. Continual (year to year) class size problems in any specific area, however, are not desirable, and all available means should be exercised to resolve the problems of the subject or grade in question.
- IV. That it would be most desirable if the class size goals, which both the Board and teachers want, could be achieved systematically within a 4-year period.
- V. To aid in the resolution of class size problems, there shall be a study committee which will consist of the following members:
  - a. The Superintendent of Schools
  - b. Min. 1, max. 2 Board members
  - c. Min. 1, max. 2 instructional staff from each level (elementary, grades 5, 6, 7, 8 and high school)
  - d. Administrators one from each level (elementary, grades 5, 6, 7, 8 and high school)

The purposes of the committee are to:

- a. resolve specific problems in class size which may arise after normal administrative channels have been followed (i.e., teacher to principal to Superintendent),
- b. assist in the resolution of continuous class size problems,

- c. help promote class sizes which enhance the educational program, and
- d. in general provide an avenue of communication between the professional staff and the Board of Education in regard to an awareness of this important area.

### The committee shall meet:

- a. as a study committee each January prior to budget time for the purpose of recommending priority areas to the Superintendent,
- b. as a review committee each October for the purpose of reporting progress made for the current school year, and
- c. at other times as called into session by the Superintendent of Schools upon the request of the RVF President and/or the President of the Board of Education.
- **5.2** Before or at the time of entry to a particular class, teachers shall be notified if a student appears likely to present needs not identified in an IEP or BIP.

# ARTICLE 6 - TEACHING AND EXTRACURRICULAR ASSIGNMENTS

### 6.1 Teaching Assignments

- A. Teachers shall not be assigned, except temporarily, and for good cause, outside the scope of their teaching certificates.
- B. The District shall use its best efforts to notify teachers of their tentative assignments for the following school year by June 1 and, in any event, prior to the close of the current school year. Such notices shall include the school to which the teacher will be assigned, and the grade and subjects which he or she will teach. If changes in such assignments are made after the close of the school year, each teacher affected will be notified in writing by a letter directed to his or her address of record with the District.
- C. Teachers being involuntarily transferred shall be notified of the positions available in their tenure area. Such teachers may request the positions, in order of preference, to which they desire to be transferred. Their preference may be a primary factor considered in making the transfer. The District has full discretion to make the final determination on issues involving involuntary transfers.
- D. No teacher (in Grades 7 to 12) shall have, without his or her consent, more than five teaching periods a day or more than three separate subject matter preparations. No teacher below 7th grade shall have, without his or her consent, more than six teaching periods per day.

Courses entitled "Advanced," "Regents," "General" or "Practical" are separate subject matter preparations. When two courses have different titles, but substantially the same curriculum and materials, the subject matter preparations for these courses are the same. An accelerated course is not a separate subject matter preparation from the related RS course. Basic math and skill labs are single subject matter preparations regardless of grade level.

- E. Within the definitions of D above and when unforeseen circumstances warrant (Grades 7 to 12), the District may assign a fourth subject matter preparation to be compensated at \$1,217 effective July 1, 2011. The District shall have the right to solicit an unlimited number of volunteers to teach a sixth period. Such teachers shall be compensated at the yearly rate of \$6,083 effective July 1, 2011. The District shall also have the right to assign up to four (4) teachers per year to a sixth period at the same rate of compensation so long as such assignment does not eliminate the position of any full-time teacher. There shall be no more than two (2) mandatory sixth assignments per department. Whenever possible, the District shall rotate such involuntary assignments so they shall not occur in two consecutive years.
- F. The District may solicit volunteers annually to perform lunchroom, recess and bus duty supervisory assignments. After the assignments of such duties to such volunteers, supervisory assignments will be rotated, equitably, among employees.
- **6.2** Employees who are assigned to more than one school shall be compensated for such inter-school travel at the current rate established by the IRS, from the point of first assignment to the point of assignment closest to the employee's home at the end of the day. Employees on extracurricular assignments, whose assignments take them out of the District, shall be compensated for mileage.
- **6.3** Employees should be asked to supervise only those student activities that are clearly related to the educational program at the school.
- **6.4** Employees shall be asked to sponsor or supervise only those student activities which are within their area of experience.

### 6.5 Extracurricular Assignments

- A. When a new extracurricular activity is approved by the Board, the extracurricular compensation shall be fixed by mutual agreement.
- B. Compensation for extracurricular duties shall be made in accordance with the schedule listed in Appendix B.
- **6.6** At the elementary level, every effort shall be made to schedule special subjects (i.e., art, music, physical education and library) in such a manner that each class shall have a special subject scheduled for each school day.

### **ARTICLE 7 - VACANCIES AND PROMOTIONS**

- **7.1** All vacancies for positions within the bargaining unit shall be posted on the District's web site, clearly setting forth a description of and the qualifications for the position, including its duties and salary. In addition, an electronic copy of such postings shall be e-mailed to Federation unit members using the then-current all staff e-mail.
- 7.2 When school is in session, such notice shall be posted as far in advance as practicable, and at least ten (10) school days before the final date when applications must be submitted.
- **7.3** Employees who desire to apply for such vacancies shall submit their applications, in writing, to the Personnel Office, within the time limit specified in the notice.

- 7.4 Employees who desire to apply for a position which may become vacated or filled during the summer shall submit their names to the Personnel Office, together with a description of the position or positions for which they are qualified and/or certified and interested in applying. The Personnel Office shall post a list of positions to be filled during the summer on the District's web site and shall also send a copy thereof to Federation unit members using the then-current all staff e-mail.
- 7.5 All appointments to vacancies and openings within the negotiating unit shall be based on qualifications and experience. All such promotions and appointments shall be made without regard to age, race, creed, color, religion, nationality, marital status, sex, or ancestry, unless based upon a bona fide occupational qualification.
- 7.6 If an applicant for a position within the negotiating unit who is not selected requests the reasons, such reasons shall be given orally or in writing, as he or she specifies.

### APPENDIX E EARNED SALARY INCREASE GUIDELINES

### Guidelines for

Documentation

BOE meeting: March 8, 2022 Updated: February 2022

### Overview

The Rondout Valley Central School District strongly endorses the professional development standards proposed by the New York State Education Department. Specifically, we want to establish a commitment to raising the knowledge, skills, and opportunities of our educators, in order to improve instruction and student achievement. The District believes in building our capacity through a focus on two essential core beliefs:

- Effective professional development will foster a culture of continuous improvement for all engaged in the learning endeavor.
- Professional development is most effective when it is job embedded, directly relevant to classroom
  practice, provided over time, and when it provides opportunity for practice of new strategies, time to
  reflect on changes, and time to integrate new learning into the teaching practice.

In-service courses will be offered to support professionals in developing skills in their area of specialization and interest.

### **In-Service Credit Procedures**

(A) Professional staff members may acquire in-service credit [one (1) in-service credit per an accumulation of 15 hours] through attendance and participation in workshops, which have been <u>preapproved</u> by the Assistant Superintendent of Schools & Operations. An accumulation of fifteen (15) hours of workshops including but not limited to those offered by the Rondout Valley Central School District, Ulster BOCES and/or the Mid-Hudson Teacher's Center will be considered eligible if the workshops are directly related to the Professional staff members' assignment area and are scheduled for non-working hours. <a href="Mylearningplan.com">Mylearningplan.com</a> lists the catalogs and workshops available.

A Request for In-service Credit form must be submitted and approved prior to attendance at a workshop if in-service credit is to be eligible for future salary adjustments.

Note: One (1) in-service credit equals an accumulation of 15 hours of workshops related to instructional area.

- (B) The following procedures are to be followed to obtain in-service credit:
  - 1. Approval of Course/Workshop: Please complete a request for approval of a workshop at least two weeks before the workshop is scheduled by logging onto <u>mylearningplan.com</u> and using the Request for In-service Credit form. Also, please attach a brochure or include a detailed description of the workshop and forward to the Assistant Superintendent of Schools & Operations if the workshop requested is not listed in the catalogs on <u>mylearningplan.com</u>. The Assistant Superintendent of Schools & Operations will review the request.

- 2. All participants in a workshop are expected to sign in for documentation purposes.
- 3. Submitting Confirmation of Attendance at Workshops: Upon completion of an approved workshop, please submit documentation to the Assistant Superintendent of Schools & Operations. This office will retain copies for a minimum of three (3) years.
- 4. District delivered in-service course offerings

Our goal is to establish a series of high-quality in-service courses for our staff. Additionally, it is our belief that this model will promote and encourage the proliferation of professional learning communities within and across multiple grade levels, content areas, and schools.

The district in-service process will function as follows:

- I. Our Professional staff members will develop in-service proposals for courses that they have an interest in delivering to our staff. Each course will have a maximum of 10 attendees. The *Instructor In-service Course Proposal Form* is provided in Appendix A.
  - a. For targeted audiences of Intermediate, Junior High, and High School staff ONLY, instructors will provide: Two (2) three (3) hour workshops from 2:45 5:45 pm at the District Office on approved dates.
  - b. For targeted audiences of Kerhonkson and Marbletown staff ONLY, instructors will provide: Three (3) two (2) hour workshops from 4:00 6:00 pm at the District Office on approved dates.
  - c. For targeted audiences for ALL Buildings, instructors will provide: Three (3) two (2) hour workshops from 4:00 6:00 pm at the District Office on approved dates.
- II. Professional staff members whose proposal have been approved, will be paid the following:
  - a. Three (3) hours of prep-time and six (6) hours for teaching the course, for a total of nine (9) hours at the contractual rate.
- III. An *In-Service Committee* consisting of 2 teachers and 2 administrators, including the Assistant Superintendent of Schools & Operations, will review the in-service proposals, interview perspective instructors, and rate the proposals according to the district goals. Inservice course offerings will be posted on MyLearningPlan for selection by district staff.
- IV. The in-service courses will be delivered in the spring.
- V. Timeline for In-service course proposals, *In-service Committee*, and In-service courses offered.

### Requests for Earned Salary Increase

(A) Upon completion of the requisite credits for your hiring date and degree status, please forward a *Request for Salary Change* form to the Personnel Office. Requests are to be submitted no later than October 1<sup>st</sup> for inclusion in payroll updates in that year. Full documentation with official transcripts from an accredited college or university and confirmation of completion of approved in-service credit workshops is expected. On the Official Transcript the individual coursework credits must be awarded prior to September 1<sup>st</sup>. The *Request for Salary Change Form* is provided in Appendix B.

**Note:** It is the responsibility of professional staff members to submit evidence of the successful completion of in-service programs and graduate credits for salary purposes to the Personnel Office. Acceptable evidence may include copies of official memorandums denoting completion of in-service programs or copies of certificates of participation from sponsoring in-service program agencies that specify the hours attended. Official graduate transcripts are required from the accrediting graduate institutions. All documentation should be forwarded together with the request.

- (B) The request and documentation will be reviewed and if all the documentation is in order, the Personnel Office will obtain approval from the Superintendent and then all approved payroll changes will be sent to the Central Business Office for processing.
- (C) In-service credit will not be awarded for professional staff members' participation in workshops which occur during the instructional school day. Professional staff members who seek and receive in-service credit for participation in workshops will not be reimbursed for the costs associated with the workshops.

If a professional staff member is <u>required</u> to attend a workshop (e.g. during the summer recess months) as a representative of the District, the participant will receive per diem payment (1/200<sup>th</sup>) and the District will pay costs associated with workshops. In-Service credit will not be awarded. (Note: Graduate Credit Option: In lieu of per diem payment (1/200<sup>th</sup>) the teacher may opt to pay tuition costs and receive graduate credit, if available).

Professional staff members registered for pre-approved workshops must attend the entire workshop to receive in-service credit for salary purposes.

### Request to attend a Conference

A Conference Request Form is available on <u>mylearningplan.com</u>. After logging onto <u>mylearningplan.com</u> on the left side will be **Activity Catalogs** listing: District Catalog, MHRIC Catalog, MHTC Catalog and Ulster BOCES. Click on one of these catalogs to enroll.

Then under Activity Catalog there will be **Fill-In Forms**. Select **Conference Request Form** and fill out all information needed. If conference is not listed in any of these catalogs, all information will need to be typed in by user. It is important to send the pre-printed registration form (if the conference is not listed in one of the catalogs) filled out with backup information to the Curriculum Office. Forms should be submitted at least three weeks prior to the conference date to allow enough time for processing. Only after the conference is approved will registration take place. Remember to check <u>mylearningplan.com</u> to know if the conference has been approved before attending. Please note: After attending the conference, a Conference Summary Report needs to be completed in order for claim forms to be processed.

### **Definitions of terms:**

**Staff Development Days:** These staff development days will supplement traditional Superintendent's Conference Days. Attendance is required as per applicable contracts.

**Graduate Credit:** Graduate credit is defined as credit earned for successfully completing a course at the post Bachelor's degree level at an accredited college or university. Graduate credit is valid as long as the issuing institution considers the course credit valid for application to a program degree. No credits earned prior to the awarding of the Masters degree may be used either independently or in combination with in-service credits for further advancement on the salary schedule.

**In-Service Credit**: In-Service credit is offered by the District when teaching staff complete approved accumulation of 15 hours of workshops related to their instructional areas. Pre-approved in-service credit can also be applied to a *Request for Salary Change* form for a salary adjustment in September of each academic year.

For salary adjustments, the required combinations of graduate and/or in-service credits are grouped as follows for the 5-credit block for teachers.

- 3 graduate credits can be added to 2 approved in-service credits or
- 4 graduate credits can be added to 1 approved in-service credit or
- 5 graduate credits with no in-service credit or
- 10 approved in-service credits equals a 5 credit block

The Office of the Assistant Superintendent of Schools & Operations will retain records of RVCSD inservice credit offerings and attendance for at least three calendar years. However, it is <u>strongly recommended</u> that staff retain photocopies of any documentation they plan to submit for salary adjustments.

**Note**: In-service credit is not approved for courses/workshops taken during the workday, courses/workshops for which the district is paying, or for conferences for which the district is paying. One (1) in-service credit equals an accumulation of 15 hours of workshops related to instructional area. A Request for In-Service form has been developed for approval and documentation of in-service credit as well as attendance at workshops not offered by the Curriculum & Instruction Office. This form is available on **mylearningplan.com**.

**In-service:** In-service is a general term which can refer to any number of different workshops offered by the RVCSD, professional organizations, etc. These may/or may not qualify for the 15 hour inservice requirement of a related course for credit that could be applied to salary adjustments. **It is the responsibility of the staff members to obtain pre-approval for in-service that has not been previously approved if they intend to utilize the workshop for salary adjustments.** This is expected to occur before the course is taken, to eliminate any misunderstandings.

If you have any questions, please contact the Assistant Superintendent of Schools & Operations 687-2400 ext. 4805
